April 27, 2009

Dear Current and Former Members:

Current AGO memberships will expire on June 30, 2009--the end of the AGO's fiscal year. We are now accepting applications and renewals for the new membership year beginning July 1, 2008. Attached are membership information and an application / renewal form. You can also access this information on our Chapter's new web site: <http://www.agosaz.com/>

We ask your cooperation in submitting your application / renewal as soon as possible. It takes at least a month for National to process the applications after we submit them from the Chapter; therefore, to prevent lapses in receipt of *The American Organist* (TAO) magazine and other AGO benefits, applications and renewals should be received by the end of May.

If you are currently available as a substitute, please be sure to indicate that at the bottom of the application form. The substitute list will only include the information from this year's applications.

If you have any questions regarding membership, please contact me.

Thank you for your cooperation.

Robert D Foltz
